Art Unit: 1712

1. Claims 7 to 13 and 16 to 24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The rejection of claim 7 is maintained from the previous office action. That is, this claim still contains compounds that are not considered to be alkoxides. For instance an inorganic oxygen containing chelate does not meet the definition of alkoxide (attached); an inorganic ester of the hydroxide of silicon is not an alkoxide; a complex of the hydroxides of silicon is not an alkoxide. Clarification is required.

For claim 8, it is confusing to claim that both of said alkoxides is an organosilicon alkoxide when the resulting polymer network cannot be a sole silicon oxane network. This language, as found in claim 1, is not confusing because it is part of a Markush group in which one can select other, non silicon containing, alkoxides. In the more narrow claim 8, however, this language renders the claims confusing. This applies to claim 10 as well.

2. The terminal disclaimer filed on 1/12/07 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 6,670,438 has been reviewed and is accepted. The terminal disclaimer has been recorded.

3. Claim 1 to 6, 14, 15 and 25 to 53 are allowed.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
